strengthened complexion

ANTI-AGING EFFECT

# SKIN BALANCE AQUA FACIAL 2.0

FOR A RADIANT AND  
FLAWLESS COMPLEXION!

*With the Skin Balance Aqua Facial 2.0 from MONTEIL skin problems like acne and acne scars, enlarged pores, impurities and age spots are a thing of the past.*

## AQUADERMABRASION & MICRODERMABRASION

Both these treatments, single or combined, contribute towards the improvement of the complexion. With a gentle jet of water and a liquid of active ingredients the skin is intensively clarified and dead skin cells are being removed. The treatment is extremely gentle and completely painless. Different diamond attachments provide a gentle peeling effect which ensures a better absorption of active ingredients. The production of new skin cells is promoted and the production of collagen is stimulated. This ensures a long-term improvement of the complexion.

**After the first treatment your complexion will already appear more radiant!**

We'll be happy to consult with you!

## ADVANTAGES AT A GLANCE

- Regeneration of sun damaged skin
- Reduction of age spots & pigment disorder
